

Experience the Sonder difference

Support that your people will actually use.

Our medically accredited team and technology gives employees and their families, 24/7 access to mental health support, medical advice and safety assistance through an easy to use app - resulting in usage rates 20x higher than traditional employee assistance programs (EAPs).

More than just mental health support

A complete care platform for your people

Medical advice

No more sleepless nights with practical advice from registered health professionals

Mental health support

Custom plans designed and delivered by psychologists, counsellors and social workers

Safety assistance

Proactive safety tools and a nationwide in-person response team for distressing events

of all cases have two or more connected issues

“Our CEO believes there’s a shared responsibility on wellbeing. So I said yes, people are responsible, but we also have a responsibility to give them the tools to be able to support them – and what we’re doing right now isn’t enough. Now, with Sonder, our people go direct as opposed to coming to me. It’s so much easier.”
